Adaptive Key Word in Context

1992-11-01

IPCOM000110323D

English (United

The explosion of softcopy information has increased the difficulty of finding a document. Users with good intentions will attempt to file documents in logs and folders, but often are not able to remember what they had in mind when they initially read and filed the document. ...

Method of Information Retrieval Based on Collocation

1996-07-01

IPCOM000117942D

English (United

Disclosed is a device for information retrieval based on collocation patterns in sentences that contain a modifier word, modifiee word, and the relationship between a modifier and modifiee word.

Result # 6 Relevance:

Automatic Hypermedia Link Generation

1992-06-01

IPCOM000108630D

English (United

Authoring of a hypermedia document requires extensive knowledge of available related documents. Large hypermedia systems have many possible links to this related information. These links may be hard coded or defined by the user, but in either case, the job may be immense ...

Methodology and Apparatus for Translation of Text to Sign Language Image:

1994-04-01

IPCOM000111889D

English (United

This article describes a service, the Graphical Sign Language Generator (GSLG), that converts document text to a series of sign language images, and displays the images on a workstation.

Result # 9 Relevance: 

Using Case Based Reasoning to Locate and Match Object Oriented Classes ar Libraries

1994-12-01

IPCOM000114318D

English (United

An approach is described for defining Object Oriented (OO) class definitions as cases so that Case Based Reasoning (CBR) can be used as a tool to locate desired class definitions from a database existing class definitions, or to compare one set (library) of class ...

Well the hardest thing about **mIRC** is trying to figure out what to **script** first. **mIRC** Scripting is **VERY** fun to play with and to just doodle program with.

Scripts

***NOTE: I am not responsible for misuse of these scripts or adverse affects, USE AT YOUR OWN RISK.**
To use these scripts, move them to your **mirc** directory and then load them into your remote scripts.*

Text Highlight

This little tidbit echos text sent by a chatter with your **nick** in it on the active window with the time sent it was sent, room sent in, person sent by, and the text they sent.

Author: izey
Date Added: 3/30/00
Size: 403b

Download TextHighlight

Awaysys2.1

A basic away **script** with pager and logger functions. Plays a wav file when paged. ***note: for the script to call the wav properly, move the wav file to your mIRC directory***

Author: izey
Date Added: 3/30/00
Size: 3.92kb

Download Awaysys2.1

IDscript

When you connect to a IRC server, this **script** will prompt you to identify by typing in a password. If you don't type the correct password within the specified time it will disconnect the user. If you have anyone that you don't want on your **mIRC** program then this **script** is for you.

Author: izey
Date Added: 3/30/00
Size: 0.98kb

Download IDScript

NickBeep

When someone says your **nick** in a chatroom, your computer will beep 2 times. Very usefull if your away from the computer or if **mIRC** is minimized.

Author: izey
Date Added: 3/30/00

Size: 286b

Download NickBeep
